

APPLICATION FOR A GRANT

This is the form to use to apply for a grant. The key points are:

- You should have reached the State Retirement Age and must live in the London Borough of Bromley.
- The help you need cannot be provided by the Government, the London Borough of Bromley, specialist charities (eg debt, health) or your landlord.
- The Trust may ask you additional questions to help it consider your application.
- Grants are normally paid direct to any contractors etc and not to the applicant.

Examples of previous support include:

Home maintenance, replacement and repair of domestic appliances, home furnishings, moving home and help with special household items.

Please read the Privacy points below and then complete, sign and return the application form overleaf to the address above or contact the Trust for any questions.

PRIVACY

The information you provide will only be seen by the Trustees and officers of the Trust and only used in relation to your application. If the Trustees believe that another charity/organisation may be better placed to help you then your application may be passed to them in confidence.

PURPOSE OF TRUST

The Trust was established in 1986 as the result of a generous bequest from Miss Monica James and has been extended by subsequent wellwishers. It was known as the Bromley Age Concern Trust until 1997.

The Trust promotes the welfare of elderly people residing in the Borough of Bromley by providing financial assistance towards the purchase of equipment or services that are not available from the Local Authority, Government or Landlords.

The Trust's funds are limited and it is important that grants reach those who have the greatest need for support. Therefore it is necessary for the Trust to ask about applicant's income, expenditure and savings.
